MODULAR UNIT SUMMARY

NAME:_____

DIRECTIONS: Answer the following questions in the space provided.
1. Pick three of the four Modular Units that your team completed and list them below.
2. State the basic principle behind each area. (How does that technology work?)
3. List one example of how each technology is used, or could be used, in everyday life.
4. List 2 words or terms or processes you learned as result of completing that modular unit and define them. (don't use the name of the unit as a vocabulary word)

Modular Unit #1:_____
